THE VIRTUAL JOURNEY CONTINUES IN 2022.....

E-Asia Derma will be continuing our learning expedition this year following the success of the 2021 webinars. There will be a total number of 5 Episodes planned and the webinar series will encompass the Scientific Topics and Physician Lectures; Products and Devices presentations on recent launches and innovation by brands.

As a sponsor and partner, you will be fully integrated into this virtual experience with the ability to engage with participants, introduce and share your products and services.

With E-Asia Derma Virtual Journey your Brand will be highly visible through a series of online platforms and pre-event activities fully connected to the E – Asia Derma Conference.

CONNECT TODAY AND NETWORK WITH THE DERMATOLOGY WORLD!

2021 webinars supporters' logo

The webinars-on-demand are available throughout the year upon successful registration by the attendees.

If you have products recently launched or about to be launched, this is a good opportunity for you to collaborate with us and reach out to the doctors in the region, through our network and yours.
